Appeal4Felix – Nativity Swim

On February the 14th Felix, 4 years old, was diagnosed with stage 4 Neuroblastoma, a particularly rare and aggressive childhood cancer. He's had 16 rounds of chemotherapy and is awaiting surgery and a bone marrow transplant

I am raising money for the Appeal4Felix Fund. This will:

1. Contribute to any treatment or medicine for Felix which lies outside of NHS protocol should the need arise
2. Help cover much needed funds for research and trials into neuroblastoma in order to help children and parents of the future

On Christmas Day this year, instead of tucking into my first mulled wine and sausage roll, I, along with a bunch of other foolhardy friends of Felix, will be swimming in the sea off the coast of Brighton dressed as a character from the Nativity.

Please sponsor me. I'm sure you will agree, it's for a really great cause. Thanks!
